

JC COMMUNITY WATCH

Paulus Hook

"THE SOCIAL LIFE OF OUR PUBLIC SPACES CAN CONTRIBUTE TO, OR UNDERMINE, THE QUALITY OF LIFE OF OUR FAMILIES, OUR NEIGHBORHOODS AND THE WELLBEING OF EACH INDIVIDUAL. THE CHOICE IS OURS." —WILLIAM H. WHYTE

For ten years Commercial District Services (CDS) has implemented programs in Jersey City to safeguard the quality-of-life and well being for business and property owners, residents and visitors. With the growing popularity of our Jersey City waterfront and the Paulus Hook neighborhood, arises the challenge of maintaining the quality of life that everyone values.

"CDS delivers the needed blend of stewardship and hospitality to the neighborhoods and communities which it serves"

Through the use of walking tours and mobile patrols, a **Community Watch program** can assist building tenants, staff and the Jersey City Police Department to identify, report and treat issues such as **noise, trespassing, vandalism, public nuisances and other threats to quality-of-life** that take place throughout our neighborhood.

Call Chris at 201-424-6499 to learn how we all can make a difference!
